

10 Commandments of D10X (दश वचन)

Core Principles

1. We will start making profit when our customer starts making revenue
2. Good, Fast at fair cost (not always cheap)
3. We will NOT ship shit under any circumstances.
4. Deliver releases/updates frequently to end users (usually daily)
5. Build quality than fixing bugs

Core Principles

6. Start small , plan and grow as needed
7. Nurture 3Ps (Good **P**rocesses, Good **P**ractices and Good **P**olicies)
8. 3Ps for 1 P - **P**rocess, **P**ractices and **P**olicies are for **P**eople.
9. Fail Fast – Everyone has the authority to stop the assembly line
10. Reward success and Failure. Punish Inaction
